Tina Lambert

The many colors of the world create and sculpt my life. Being able to enter a world where I can create with my hands the lines and details with a simple piece of modeling clay completes me. Each piece is one-of-a-kind work of art which is sculpted and painted by hand, attached to canvas giving you a piece of art with originality and three-dimensional personality.

Hello, my name is Tina Lambert, originally from Pittsburgh, Pennsylvania, I moved to Albuquerque, New Mexico to be with the love of my life, Matthew Lambert. We began our lives together and had two beautiful girls, Haley and Hannah. I have always enjoyed art, design and decorating. I was an award winning floral designer, have always had a passion for art, color and being able to design and sculpt with my hands, an amazing God given talent!

Tina Lambert

I am a Certified Interior Decorator and work with my husband, Matt Lambert at Lambert Construction and Design where I meet with clients and help them with design for their new remodel. Our company focuses on client's needs and wants. We pride ourselves in a "One Stop Shop" for all remodeling needs. And so, with determination and perseverance, LC & Design (Lambert Construction & Design) was created by the two of us. I do many custom pictures for many of our client's remodels and for their homes and businesses.

If you want a custom sculpture of your favorite furry family member or you have a favorite

animal or design, I can sculpt and paint it for you. I take special orders and create that special sculpture that you would like to have hanging in your home or business.
