Ann Reilly

The recycled stained glass may include marbles as part of the design. All pieces are unique (as designed by me) and no patterns are used. Beads are glass, ceramic or wood; Fetishes are pewter, sterling silver or enhanced materials (such as lapis or turquoise) often combined with other natural stone or organic materials. Wire is solder-tinned copper; findings are hypoallergenic sterling silver or lead-free pewter. Any item touching you skin is lead free.

Keep your pieces looking bright by cleaning with soap & water & promptly drying with a cloth. All pieces may be gently buffed with a jewelry cloth. If a white film appears, it is removable using a pot scrubbing sponge or a small copper brush.
