## Angel Sotelo

Born in a rural area in the state of Chihuahua, Mexico, Angel Sotelo has been creating art since he was a young man. He has worked with different media such as pencil on paper, acrylics & oils on canvas, experimented with jewelry & most recently, sculptures in stone. For more than six years he worked for other sculptors from whom he learned many secrets of carving stone. Angel particularly likes to use odd-shaped stones of alabaster, marble, limestone, travertine & other natural stones to enhance his creativity.

Using mainly hand tools, chisels, files & sandpaper, he carves lizards, owls, bears, eagles, horses & other creatures. His style varies from abstract, contemporary, to realistic works which all reflect his love for the beauty of nature.
